Kick Off the New Year in High Gear!!

Unlock Your Future with UCNJ Continuing Education & Workforce Development

Welcome to the Spring 2025 Semester at **UCNJ Union College of Union County, NJ Continuing Education & Workforce Development!** Start the year strong by investing in yourself and taking the next step toward your goals with our dynamic range of courses and programs.

Transform Your Potential.

At UCNJ, we believe education has the power to change lives. Whether you're seeking to advance in your career, make a bold career shift, or learn something new, we provide the tools, resources, and guidance to help you thrive.

Stay Competitive in Today's Job Market.

Our diverse programs are designed to equip you with in-demand skills, earn industry-recognized credentials, and maintain a competitive edge in a rapidly changing world.

Ready for a Career Change? We've Got You Covered.

Our workforce development programs focus on practical skills and certifications sought by today's employers. From healthcare

and technology to business and skilled trades, our offerings will empower you to confidently transition into your next role.

Expand Your Horizons.

Learn from professional instructors with real-world expertise across a wide range of industries. With flexible scheduling, including daytime and evening classes, we make it easy to fit learning into your busy life.

Start Your Journey Today.

Explore our catalog to discover the full list of programs designed to support your growth and success. No matter your destination, UCNJ Continuing Education & Workforce Development will help you get there.

We can't wait to welcome you to class this spring!

Lisa Raudelunas Hiscano, Ed.D., M.B.A.

Executive Director, Continuing Education and Workforce Development

Cisco Certified Networking Associate (CCNA) Program

Retooled for the latest technologies and job roles, the CCNA program at UCNJ will give you the foundation you need to take your career in any direction.

- Three courses and one exam covering a breadth of topics including network fundamentals, network access, IP connectivity, IP services, security fundamentals, automation, and programmability.
- Demonstrate to employers that you have mastered the important key competencies needed for all networking technologies including security, automation, and programmability.
- Complete all three courses and you will be prepared to sit for the CCNA (Cisco Certified Networking Associate) 7.0 exam.

Through the CCNA curriculum

- Advance through three separate modules focused on IP foundation and security topics along with wireless, virtualization, automation, and network programmability.
- Study with an in-class instructor while accessing improved course layouts, tools emphasizing hands-on practice and a new user experience with enhanced accessibility.
- Practice what you learn using Cisco Packet Tracer, a network configuration simulation tool.
- Prepare for the workplace with collaborative projects and presentations.

Who should enroll in the Cisco Academy Programs

Students interested in starting or advancing their IT career. You should have basic knowledge of computers and networking, and at least an eighth-grade reading, writing, and math proficiency level. If you do not have basic computer skills it is suggested that you enroll in A+ Essentials class prior to taking the CCNA program.

Three Required Courses (200 hours total):

- AECO A75 – CCNA 1
Introduction to Networks
65 hrs., \$949
- AECO B75 – CCNA 2
Switching, Routing and
Wireless Essentials
65 hrs., \$949
- AECO C75 – CCNA 3
Enterprise Networking,
Security and Automation
70 hrs., \$1,049

ARTIFICIAL INTELLIGENCE and CHATGPT

Introduction to Artificial Intelligence (AI) and ChatGPT for Professionals

In today's dynamic landscape, ChatGPT has become a game-changer, leaving an indelible mark on industries worldwide. A staggering 90% of companies actively seek professionals equipped with AI expertise. Elevate your career prospects, amplify your productivity, and gain a distinct competitive advantage in the job market by acquiring essential AI skills. This introductory course serves as your gateway to mastering the foundations of this transformative technology. Continue to check our website for additional AI courses!

Course Highlights:

- Introduction to AI, and ChatGPT – learn how to create accounts, and compare/contrast AI tools.
- The impact of AI on work – review prompt structures, create and edit scenarios.
- Work-based applications of prompt engineering – explore ChatGPT, Bard and New Bing – conduct research, brainstorm and innovate, and personally tailor your tools to your work environment.
- Image and video generation – explore generators and the role they will play in the future landscape.
- Gain an understanding of AI's capabilities and unleash its potential as your trusted co-pilot.

Join us on this exhilarating journey as we demystify AI, empowering you with the knowledge and skills needed to thrive in an AI-driven future. Enroll today and step into a world where innovation knows no bounds! (10 hrs.)

BOOKKEEPING

Certified Bookkeeper

The American Institute of Professional Bookkeepers (AIPB) has established a professional certification, the Certified Bookkeeper (CB) credential, a high professional standard for bookkeepers. By successfully passing tests in six subjects, signing a written code of ethics, and demonstrating two years' work experience as a bookkeeper, you can earn the right to put "CB" after your name. The experience requirement may be completed before or after the examinations.

This course focuses on preparing you for the National Certified Bookkeeper examination by helping you master the skills and knowledge required for certification. (75 hrs.)

Prerequisite: High School Diploma or equivalent. Some bookkeeping experience necessary. *All six workbooks included plus exam fees.*

CERTIFICATE PROGRAM

PMP® CERTIFICATION

Establish yourself as a globally-recognized project manager by earning the most sought-after credential in the profession: Project Management Professional (PMP)®.

PMP certification is a proven way to enhance your resume, elevate your career potential, and boost your earnings.

PMI, PMP and PMBOK are registered marks of the Project Management Institute, Inc.

Why Enroll in This Course?

If you're looking for an expert to lead your PMP exam preparation, interpret the content, and answer your questions, we can help! Our intensive, 12-week program combines live instruction with The CertWise® Learning System for PMP Exam Preparation to expand and test your knowledge in areas critical for project management career success.

Our instructors focus on the most current PMP Exam Content Outline (ECO) to help you prepare for the exam, and our structured classroom environment accelerates learning and improves retention. You'll be prepared for the certification exam and more effective in your project management role.

Benefits of PMP certification

- Earn a higher salary: According to PMI®, PMP credential holders in the US earn 25% more than those without a PMP certification.
- Earn a prestigious certification recognized around the globe.
- Build skills and knowledge that are transferable between industries, market segments and geographic locations.
- Gain an advantage over non-certified project managers.
- Prove your project management knowledge, commitment, and experience.
- Join a global network of over 1,000,000 PMP credential holders.
- Prepare for class and the exam with The CertWise® Learning System for PMP Exam Preparation, included in tuition. You will have access to the online study tools for an entire year.
- Discuss topics and network with peers from a variety of industries.
- Stay on track to complete your PMP studies with our structured learning environment.
- Meet the 35-hour project management education prerequisite for the PMP Exam.

Comprehensive Reading Materials provide an in-depth exploration of the three knowledge domains tested on the PMP exam and include a glossary of key PMP terminology and progress check questions.

Interactive Online Study Tools including pre-test evaluation, SmartStudy™ to help build a customized study plan, quizzes, flashcards, Glossary, PMP practice exam, progress reports to track your scores and a resource center providing test-taking tips, feedback links and more. (35 hrs.)

All textbooks are included.

ENTREPRENEURSHIP and MINDFULNESS

Entrepreneurship and Mindfulness: A Holistic Approach to Business Success

This course provides an integrated approach to entrepreneurship by combining business fundamentals with mindfulness and holistic wellness practices. Participants will learn the essential steps needed to start and grow a business while developing strategies to manage stress, maintain balance, and promote mental, emotional, and physical well-being. Through actionable tools such as a roadmap to entrepreneurship, mindfulness practices, and an entrepreneurial checklist, students will gain the confidence and resilience required for business success. The course emphasizes patience and long-term vision, reminding participants that entrepreneurship is a journey that takes time. By the end, students will leave with a comprehensive toolkit for both business and personal wellness, ready to pursue their entrepreneurial goals with clarity and intention. (8 hrs.)

HOSPITALITY

Guest Service Gold Certification

The hospitality industry is a broad category of fields within the service industry that includes hotels, restaurants, event planning, theme parks, cruise lines and travel, and tourism. A hospitality unit such as a hotel or restaurant consists of multiple groups of employees including food and beverage servers, front desk representatives, room attendants. This training prepares students for exciting careers in the hospitality industry by offering industry certifications in guest service, restaurant service, front desk representative, and/or guest room attendant.

Guest Service Gold training is focused on customer service and leads to the professional certification, "Certified Guest Service Professional" from the American Hotel and Lodging Educational Institute. Students will learn the fundamentals of guest service including gracious hospitality, and how to take ownership and resolve guest issues. This certification builds confidence and problem-solving skills resulting in delivering a first-rate guest experience. A 30-question multiple choice exam is included at the end of the training. Students who pass with a score of 70% or greater earn the credential and receive a Certificate. (6 hrs.)

IFMA FACILITY MANAGEMENT PROFESSIONAL (FMP) CREDENTIAL COURSE

The Facility Management Professional ("FMP") credential of the International Facility Management Association™ (IFMA) is a must-have for current and future facility managers, commercial real estate management professionals as well as suppliers who support facility and real estate management customers. The course is recommended to individuals of all knowledge levels desiring to master the core competencies of modern Facility Management ("FM").

Completion of this course will enhance your FM skills and provide immediate, globally recognized credibility with employers, clients, and peers. This program gives you everything you need to earn the FMP credential.

Why should you take this course?

- Learn best practices to run your facilities more effectively and efficiently – Leverage your FMP training to set the standard of performance in your facilities and optimize your team's productivity.
- Gain confidence in your role as a Facility Manager with in-demand skills – Obtain the training and knowledge that shows employers you have the advanced skills and proficiency they're looking for.
- Learn critical thinking skills essential to managing complex facilities – Upskill your knowledge with a deep dive into the four fundamental subject areas of facility management.
- Manage your facilities – Use your training to offer tangible, effective solutions that will positively impact your company's bottom line.

The four (4) FM competencies covered are:

Leadership and Strategy:

Effective strategies require facility managers to be able to integrate people, place and process. They must be able to align the facility portfolio and functionality with its organization's mission and available resources.

Operations and Maintenance: Learn how to assess and inspect facility needs. Manage, oversee and monitor O&M of buildings, systems and equipment.

Project Management: Plan, initiate and execute projects. Understand the entire project life cycle and how to monitor and control project performance and evaluate outcomes.

Finance and Business: Learn the essential finance and business practices and how to integrate those into your function as an FM. Understand how to engage finance, legal, procurement, risk managers and others to maximize decisions for your organization.

Textbooks, online learning materials and exam are included in the price of this course.

AEBU 029 Sec 029E – Remote Live

NJ ALTERNATE ROUTE TEACHER PREPARATION LICENSURE PROGRAM

Alternate Route to Teaching - Community College (ART-CC) program provides aspiring teachers with a non-credit option to attain K-12 teacher licensing. The ART-CC offers a 400-hour preparation program for teacher candidates who already have a bachelor's degree and Certificate of Eligibility (CE). This program allows you to attend classes while teaching full-time in the classroom. See eligibility and additional information here: <https://www.nj.gov/education/certification/teachers/alternate/>

Teacher candidates begin the program with the Introduction to Teaching 50 Hour Pre-Service Program. The Certificate of Eligibility (CE) is not needed to begin the Introduction course, but the CE and employment as a teacher are required to move to the next 350 hours of training. The CE will allow Candidates to seek employment as a teacher in a public, private, or parochial school.

Complete the remaining 350 hours of course offerings towards your teacher certification. These six (6) courses are also entirely online and include a combination of Live Zoom classes and asynchronous course assignments. Teacher candidate must prove required employment in your CE subject area with enrollment in The NJDOE's Provisional Teacher Program (PTP) by the third course. To register for the remaining 6 courses, visit <https://www.brookdalecc.edu/continuinged/careerdevelopment/alternative-route-to-teaching/>

Introduction to Teaching Pre-Service Program (50 hrs.)

This first segment of the two-year training process is an introduction to the teaching career. Topics include lesson planning, resume and interview processes, professional disposition and expectations, school law and ethics that impact effective teaching practices. Also covered is an introduction to assessment-driven instructional models, technology in education, and an overview of child development processes. The Alternate Route to Teaching licensing process will be introduced.

This course includes 30 hours of instruction, 8 hours of classroom observation, and 12 hours of clinical experience. Activities, such as tutoring or substitute teaching, will extend candidates the opportunity to work with students in an authentic

environment. Collaboration with school districts will provide both a window of opportunity for the candidate and a potential recruitment tool for the district.

The Introduction to Teaching course is only for students pursuing licensure in one of the Instructional Certificates at this link: <https://www.nj.gov/education/certification/teachers/alternate/>

CAREER DEVELOPMENT

Information Technology and Computer Training

COMPTIA NETWORK +

CompTIA Network + Certification

Are you looking to enter the ever-changing IT field?

Consider a CompTIA Network+ certification which validates the technical skills needed to securely establish, maintain, and troubleshoot the essential networks that businesses rely on. Companies such as Apple, Canon, Dell, and Ricoh recommend this course for their networking technicians.

This course prepares students to sit for the Network+ exam N10-008 and covers the following areas of emphasis: IP addressing and connecting networks, wireless standards and technologies, network availability, securing and hardening networks and troubleshooting. Voucher included (40 hrs.)

AECO A17 Sec 083E - Hybrid/Scotch Plains Campus
M, W, 3/17 - 4/28, 6:30 - 9:30 pm, \$1,059

CERTIFICATE PROGRAM

For the Cisco Certified Networking Associate (CCNA) program, see inside front cover.

Networking Academy

CompTIA A+ Core Series 1 and 2

CompTIA A+ validates the skills required to install and configure end-user devices and software; connect devices to networks; perform basic cybersecurity mitigations; troubleshoot common problems to diagnose and resolve issues; and demonstrate basic knowledge of scripting, the cloud, and virtualization.

The CompTIA A+ Core Series requires candidates to pass two exams: Core 1 - Hardware (220-1101) - and Core 2 - Software (220-1102).

CERTIFICATE PROGRAM

CompTIA A+ Core 1 - Hardware

This course prepares students to sit for the CompTIA A+ Core 1 - Hardware exam 220-1101 and covers the following topics: installing motherboards, connectors and systems devices, troubleshooting, hardware, printing and mobile devices, configuring and supporting network services and summarizing virtualization and cloud concepts. Voucher included. (40 hrs.)

AECO A50 Sec 013E - Hybrid/Scotch Plains Campus
T, Th, 3/18 - 4/29, 6:30 - 9:30 pm \$1,059

CompTIA A+ Core 2 - Software

This course prepares students to sit for the CompTIA A+ Core 2 - Software exam 220-1102 and covers the following topics: configuring, managing, and supporting windows networking, identifying OS types and features, managing Linux and macOS, managing security settings and network security, supporting mobile software, using support, and scripting tools and implementing operational procedures. Voucher included. (40 hrs.)

AECO A51 Sec 023E - Hybrid/Scotch Plains Campus

Cannabis Training

Programs provided by

The cannabis industry is growing at an unprecedented rate and the demand for skilled professionals is higher than ever. As the industry continues to expand, new opportunities are emerging in fields such as cultivation, retail, extraction, product

development, and more. Joining the cannabis industry means being part of a movement that's changing lives and creating positive change. Plus, with a wide range of positions available, from entry-level to executive roles, there's a place for everyone in this rapidly growing industry.

To become an in-demand cannabis professional, it's important to have the right education and training. By investing in your education, you'll gain the knowledge and skills needed to thrive in this dynamic industry and advance your career to the next level. Don't miss your chance to be a part of the cannabis industry's growth and secure a promising future – take the first step today and start your journey towards a rewarding career in cannabis through our self-paced programs listed below.

Programs begin February 3 and April 7. Online \$850
To register: <https://union.cannabisstudiesonline.com>

Cannabis Cultivation Specialist Certificate

Get empowered with the knowledge and skills needed to become a respected and in-demand cannabis cultivation professional. Our 9-week online certificate program offers a comprehensive understanding of the cannabis industry and cultivation best practices. The program features a diverse range of learning resources, including engaging video lectures, informative readings, and interactive e-learning modules that equip you with the requisite skills and knowledge to excel in the thriving cannabis cultivation industry. Upon completion, you'll have the credibility and knowledge necessary to establish a successful career in cannabis cultivation, work in indoor or outdoor grow operations, or even launch your own cultivation business.

Cannabis Retail Specialist Certificate

Get equipped with the knowledge and skills needed to become a successful, in-demand cannabis retail professional. Delivered through a blend of engaging video lectures, comprehensive readings, and interactive e-learning modules, our 9-week online certificate program is exclusively taught by distinguished industry experts and operators. This program is designed to equip you with the fundamental knowledge of the cannabis supply chain, as well as the essential skills to succeed in the dynamic cannabis retail environment.

Cannabis Extraction and Product Development Specialist Certificate

Get the knowledge and credibility needed to pursue a career in cannabis extraction, developing and manufacturing cannabis products, or even starting your own cannabis brand. Our 9-week online certificate program, aims to empower you with the knowledge and skills necessary to become a highly-regarded and sought-after cannabis professional. With a focus on developing and manufacturing various cannabis products, including edibles, tinctures, and topicals, this program provides a comprehensive understanding of the cannabis supply chain and foundational skills required to excel in the industry.

Cannabis Certification

...is the best way to learn the dispensary technician skills and find the job you are looking for in the cannabis industry.

Program provided by

Each module focuses on a topic related to working in the cannabis industry – cannabis cultivation, manufacturing, and dispensing. Taught by industry professionals who will prepare you with the basic training needed to work in a medical cannabis dispensary.

Tailored to New Jersey's medical marijuana program teaches the human body's endocannabinoid system, the basics of cultivation and cultivars, an introduction to processing, products available in New Jersey and elsewhere, and the ins and out of working in a New Jersey medical cannabis dispensary and how to assist New Jersey medical marijuana program patients that have qualifying conditions.

Learn about:

- Cannabis law and regs including the specific rules in New Jersey.
- The human body's endocannabinoid system.
- The basics of cultivation, cannabis taxonomy and terminology including cultivars and chemotypes.
- An introduction to processing of manufactured cannabis products.
- Dispensary training.

Requirements:

- Students must be at least 18 years old to register for the class.
- Most employment will require you to be 21 years old and pass a background check.

INSTITUTE**

CAREER DEVELOPMENT

Grant Funded Training Programs

The Industry-Business Institute delivers customized training to your employees to meet your business needs. Non-governmental employees are eligible for this program funded by the New Jersey Department of Labor and Workforce Development. Business groups, industry associations and chambers of commerce can host programs for eligible members.

We will work side by side with you to customize training solutions and deliver them to your team with high-quality instructors and flexible schedules.

Listed below are some of the valuable course offerings that we can bring to your employees, and your location... call us today!!

WORKPLACE ESSENTIALS

Communication in the Workplace

Dive into the art of effective verbal, non-verbal and written communication and discover the transformative impact it can have on your professional journey. Participants will learn how to apply the basic principles of effective communication with supervisors, co-workers, and customers and emerge as a key player in workplace meetings. Uncover the secrets to perfecting grammar in written and verbal communication, understand the nuances of tone, and refine your language to avoid redundancies, jargon, slang, and wordiness. Don't just communicate – command attention, build rapport, and unlock the doors to success in your professional interactions. (8 hrs.)

Team Building: Developing High Performance Teams

The success of a manager hinges greatly on the efficiency of their team and the outcomes they achieve. Can your team effectively tackle challenges, navigate conflicts, and maintain enthusiasm and motivation for peak performance? Do they collaborate seamlessly? This course is tailored for those eager to enhance their team leadership skills and unleash the full potential of individual team members. Understand the pivotal factors that transition a team from involvement to empowerment and learn how to instill these elements within your team. (4 hrs.)

Essential Supervisory Skills

This class will prepare front line workers to assume leadership roles in various departments across the organization. They will learn how their roles will change, about management's expectations for new leaders, how to better understand their responsibilities in this new role, the importance of clear and direct communication, strategies for dealing with and diffusing conflict, how to give feedback and offer constructive criticism, how to deal with difficult employees and more. (8 hrs.)

Conflict Resolution: Getting Along in the Workplace

The next step in your personal development and training as a supervisor includes skills in resolving conflict, whether it be interpersonal between clients and employees, employees and management, or interdepartmental expectations. Learn to identify the source of conflict, diffuse conflict, negotiate conflict and resolve it for all parties. (4 hrs.)

Improving the Customer Experience

This course is designed to improve the customer experience by clearly defining customer service, explaining the difference between external and internal customers, recognizing that service delivery is an individual response value, understanding how your own behavior impacts the behavior of others, developing more confidence and skill as a problem-solver, understanding the importance of 'tone', communicating more assertively and effectively. (4 hrs.)

Diversity, Equity, and Inclusion: Building Inclusive Cultures

This workshop focuses on Diversity, Equity, and Inclusion (DEI) principles and practices. It provides a rapid understanding of DEI concepts, best practices, and actionable strategies to cultivate an inclusive environment. Participants will be encouraged to actively participate, share experiences and discuss real-world scenarios. (4 hrs.)

To participate in one of these programs or bring one to your workplace staff, contact Katrina James-Pellam at katrina.james-pellam@ucc.edu

**Don't see what you are looking for?

The Center for Economic and Workforce Development

Opportunities and Programs for Unemployed, Underemployed or Dislocated Workers

UCNJ is committed to supporting community members who are unemployed, underemployed, or dislocated from employment. Through our partnerships with the American Job Centers, the County of Union, the NJ Department of Labor and Workforce Development, the NJ Department of Children and Families and other agencies that support workforce development programs, UCNJ has many programs to assist people in getting a job, getting a better job, or becoming more effective in your current choice of professions.

The **Center for Economic and Workforce Development (CEWD)** provides training and support services to help the unemployed and

the underemployed to be better positioned to enter and compete in today's workforce as well as to develop lifelong learning skills. We offer adult literacy, ESL and occupational training programs to over 1,000 adults each year. The Center's model includes standardized assessment, student support services, occupation-related basic skills instruction, and occupational training and job placement services. In keeping UCNJ's commitment to provide access to education for all, instruction is scheduled during the evenings and daytime hours so that adults can choose a schedule most convenient for themselves and their lifestyles.

See Workforce Development programs on pages 18-19 for details.

For additional information regarding these workforce development programs, please contact 908-659-5114 or email us at cewd-recruiting@ucc.edu

Union County Workforce Innovation Business Center

The **Workforce Innovation Business Center (WIBC)** at our Elizabeth Campus is a Union County American Job Center affiliate career services operator funded by the Union County Board of County Commissioners, the Union County Workforce Development Board and UCNJ. The Workforce Innovation Business Center builds on the success of the Union County American Job Center and on the County Commissioner's partnership with UCNJ. Through this rapidly growing relationship, job seekers can access training and other career services that help match them with prospective employers.

The WIBC provides training and career coaching to individuals preparing to enter the workforce and explore new careers. We assist businesses in training, recruiting and hiring qualified employees through job fairs, job postings, pre-screening job candidate pools and our On-the-Job Training program.

Sponsored by the Union County Board of County Commissioners

UNION COUNTY
We're Connected to You!

For more information or to contact the WIBC, call 908-965-2992 or email isaias.rivera@ucc.edu

Workforce Innovation Business Center (WIBC) services are supported with funds from the United States Department of Labor (USDOL) through the Workforce Innovation and Opportunity Act (WIOA), totaling \$500,000. 100% of these services are financed through federal funding sources.

WORKFORCE DEVELOPMENT

Earn Industry-Valued Credentials in Our Short-Term Training Programs

February – May 2025

Earn Industry-Valued Credentials in Our Short-Term Training Programs

CERTIFIED MEDICAL ASSISTANT

The Medical Assistant Certificate program prepares the student for a career in the field of Medical Assisting. A Medical Assistant performs routine administrative and clinical tasks under the supervision of a physician, other health practitioner, or office manager.

Clinical skills include obtaining all vital signs, including blood pressure using Aneroid BP cuffs, assisting with the primary physical exam and other specialty exams, preparing patients for minor surgical procedures, providing patient education, administering injectable medications as directed by a physician, using phlebotomy techniques, and assisting in the collection of laboratory specimens.

CERTIFICATE PROGRAM

Administrative skills include coordinating and scheduling patient appointments, receiving and processing patients in the office, preparing and maintaining patient records. Professional development will be embedded throughout all courses within the program. HIPAA and OSHA guidelines will be reviewed. This course also includes BLS/CPR training and upon completion of written and practicum, the student will receive a certification from the American Heart Association. The student will also complete 112 hours of clinical internship, at a location determined by the Instructional team. Upon successful completion of the courses, the student will prepare to test for the industry-valued certifications, credentialed by the National Healthcareer Association (NHA) and the American Heart Association (AHA).

- Certified Clinical Medical Assistant (CCMA)
- Certified EKG Technician (CET)
- Certified Phlebotomy Technician (CPT)
- Basic Life Support/CPR Certification (AHA)

Total Hours: 508 hours instruction and skills, 112 hours clinical skills

Program Cost: \$6,000

Clinical Internship Cost: Prerequisite CMA program completion

Location: Plainfield Campus

Schedule: Monday – Thursday, 8:30 am – 2:00 pm

June – December 2025

For additional information about this program, please contact monique.brathwaite@ucc.edu

"Since I have always enjoyed helping others, I knew this program would be an ideal match for me. After spending a few years in retail, I wanted to help others in a more meaningful way than just assisting them in finding the right shoe. I was seeking a more rewarding career that would allow me to make a real difference in people's lives, something retail could not fulfill.

Healthcare offers numerous career paths and once you enter the field, the opportunities are endless. UCNJ Union College of Union County, NJ equipped me with the fundamental knowledge needed to deliver high quality patient care, including both the clinical and administrative aspects. Completing this course provided me essential skills that have prepared me for the demands of my job, which I apply in my daily work."

– Cameron F., Certified Medical Assistant

Proud to be

The Aspen Institute named UCNJ as a finalist for the \$1 million 2025 Aspen Prize. This signature recognition celebrates 10 high-achieving community colleges from across the country.

ENGLISH AS A SECOND LANGUAGE

¡Aprende Inglés!

Learn English through a combination of listening, speaking, reading, and writing classes. UCNJ offers classes for students at all levels. Each day our ESL students are improving their English to meet their job, academic, and life goals. After placement testing, students enter an appropriate ESL level of instruction depending on their abilities. The placement test is available on all three campuses throughout the year.

To get started:

APPLY: Complete an application in person at the UCNJ One Stop Centers or online at www.ucc.edu/apply

TEST: Take a placement test to determine your level. Go to www.ucc.edu/testing for complete information, including testing center hours.

REGISTER: After you've tested, you can register for your courses!

If you place into Level 1 or 2, the cost is \$350 per course.

*There are three required courses per level for a total of **\$1,050 per level**.*

online today!**

ESL - Level 1

Students will be introduced to the fundamentals of the English Language with emphasis on reading and vocabulary, grammar and writing skills and speaking and comprehension. The three courses in Level 1 prepare students for academic-level courses and corresponding career paths in various industries. (135 hrs.)

Prerequisite: College ESL Placement test.

Required Courses:

PCA 012 Grammar & Writing This course provides students with exposure to the social and cultural life in the US, such as greetings, introductions, and forms of address. Students will learn to ask questions, interact in parenting roles and communicate and express feelings through written composition.

PCA 009 Reading & Vocabulary This course provides students with exposure to the social and cultural life in the US, such as greetings, introductions, and forms of address. Students will learn how to read complete sentences define words and understand short paragraphs.

PCA 014 Listening & Conversation The course provides students with exposure to the social and cultural life in the US, such as greetings, introductions, and forms of address. Students will learn to follow basic classroom commands identify everyday activities and classify sounds.

ESL - Level 2

This program continues to develop and expand on the ESL material introduced in Level 1. Students will continue to develop reading comprehension and vocabulary skills, enhance their grammar skills by writing short compositions, express themselves through conversations and listening activities. The three courses in Level 2 prepare students for academic-level 3 and above courses and corresponding career paths in various industries. (135 hrs.)

Prerequisite: College ESL Placement test or successful completion of Level 1 courses.

Required Courses:

PCA 036 Grammar & Writing Students will learn to write letters, express likes/dislikes and provide personal information. Students will review and reinforce the concepts presented through the use of ESL software and reading, writing, listening, and speaking activities.

PCA 034 Reading & Vocabulary Students will learn to recognize topics, get meaning from context and read stories and text passages.

Students will review and reinforce the concepts presented through the use of ESL software and reading, writing, listening, and speaking activities.

PCA 041 Listening & Conversation Students will listen to and participate in role plays, student interviews, and describe real life scenes. Students will review and reinforce the concepts presented through the use of ESL software and reading, writing, listening, and speaking activities.

CAREER DEVELOPMENT

Healthcare

CPR, FIRST AID and AED CERTIFICATION COURSES

UCNJ offers American Heart Association's courses for health care providers and/or anyone in the community looking to learn this life saving skill. Upon successful course completion of the Heart Saver or BLS Health Care provider course, participants will receive certification that is valid for two years.

The American Heart Association (AHA) strongly promotes knowledge and proficiency in BLS, ACLS, and PALS and has developed instructional material for this purpose. Use of these materials in an educational course does not represent course sponsorship by the American Heart Association. Any fees charged for such a course, except for a portion of fees needed for AHA course material, do not represent income to the association.

BLS for Healthcare Providers-Classroom (AHA)

This program combines discussion, video, and hands-on training for healthcare professionals who need to know how to perform CPR, as well as other lifesaving skills, in a wide variety of in-hospital and out-of-hospital settings.

This course covers how to respond to breathing and cardiac emergencies in adult, children, and infants until more advanced medical personnel take over. Topics include: Primary assessment, ventilations, (including use of CPR breathing barriers and use of BVMs), choking (including conscious and unconscious), CPR (one and two rescuers), and AED. Certificate available upon completion. (4 hrs.)

AEHL 962 Sec 117E
Scotch Plains Campus
Spring 2025, 6:00 - 10:00 pm, \$129

CERTIFICATE PROGRAM

Heart Saver CPR/AED Course (AHA)

This class is designed for non-healthcare providers and is intended for lay-rescuers, teachers, corporate personnel, or anyone else who wants to learn important CPR and use of an AED. Heartsaver® CPR/AED is a classroom, video-based, instructor-led course that teaches adult CPR and AED use, as well as how to relieve choking in an adult. This course teaches skills with AHATs research-proven Practice-While-Watching (PWW) technique, which allows instructors to observe the students, provide feedback and guide the students learning of skills. Certificate available upon completion. (4 hrs.)

AEHL 961 Sec 117E
Scotch Plains Campus
Spring 2025, 6:00 - 10:00 pm, \$129

CERTIFICATE PROGRAM

EMERGENCY MEDICAL TECHNICIAN-BASIC

Program Chairperson: Laurie Sheldon
Email: sheldon@ucc.edu

This program meets the requirements of the National Highway and Transportation Emergency Medical Technician Safety Administration's Emergency Medical Technician-Basic: National Standard Curriculum.

This course is designed to instruct you to the level of Emergency Medical Technician Basic (EMTB) and to introduce all the necessary skills to provide emergency medical care at a basic life support (BLS) level with an ambulance or other specialized service. Upon successful completion of this program, you will be eligible to take the New Jersey certification exam, which is required to act as an EMT in NJ.

Cost: \$1,500 OR NJ Training Fund Certificate of Eligibility (for eligible First Aid Squad volunteers).

Prerequisite: Current CPR/ certification at the healthcare/ professional level by the American Heart Association, American Red Cross, or the National Safety Council.

Note: Students need access to a computer for online assignments.

Mandatory Orientations:
Wednesday, 1/15, 3:00 - 5:00 pm
or 5:00-7:00 pm, Health Sciences
Building, 225 Roosevelt Ave.,
Plainfield, NJ 07060. Students
must be registered to attend an
orientation session. Bring your
laptop and your SSN as you will be
completing state applications.

The EMT program is 150 class hours + additional coursework. The College offers three EMT sections:

AEHL 100 Sec 250E - \$1,500

Healthcare

PHARMACY TECHNICIAN

The Pharmacy Technician plays a key role in the allied health field. Working under the supervision of a Licensed Pharmacist, Pharmacy Technicians assist in dispensing prescriptions in both retail and private pharmacies. Pharmacy Technicians speak with customers to acquire information, count tablets and measure amounts of medications for prescriptions, package and label prescriptions, and handle insurance issues. To become a Pharmacy Technician, you need a high school diploma or equivalent, have a strong mathematical background, and pass a criminal background check. Most states require some sort of formal training.

This course will prepare you to enter the field and take the Pharmacy Technician Certification Board exam. Course content includes medications (classification, storage, side effects of, and more); federal and state requirements; patient safety and quality assurance; order entry and processing. (144 hrs.)

Upon completion of the program, the student will be awarded the Pharmacy Technician Certificate of Completion and have the opportunity to hold the following certifications/license:

Pharmacy Technician Certification Board – UCNJ is approved as a PTCB-Recognized Education/Training Program.

Students who complete the program (or are within 60 days of completing) are eligible to apply to take the Pharmacy Technician Certification Exam (PTCE) to earn their PTCB CPhT credential.

Additional study material is also recommended to prepare for the PTCB examination. Please contact PTCB at www.ptcb.org for more information.

NJ Licensing – To register as Pharmacy Technician in the State of New Jersey, go to the following website: <https://www.njconsumeraffairs.gov/phar/pages/applications.aspx>

Eligibility requirements – High school diploma or equivalent, CASAS 8th grade math and criminal background test required for employment.

AEHL 955 Sec 114E – Remote Live
T, Th, 2/18 – 6/26, 5:30 – 9:30 pm, \$2,200
(No class 3/11, 3/13)

MEDICAL CODING SPECIALIST

CERTIFICATE PROGRAM

Medical Coding Specialists organize and manage health information data by ensuring its quality, accuracy, accessibility and security in both paper and electronic systems. They utilize coding languages to categorize various diseases and treatments and may also review billing and insurance claim files and recommend them for approval or further investigation, subsequently providing information to ensure accurate insurance reimbursement.

The student will learn principles of medical coding related to the three main code books: CPT®, ICD-10-CM Code Set and HCPCS Level II. This course is recommended for anyone who is preparing for a career in medical coding for a physician's office and strongly recommended for anyone who is preparing for AAPC's CPC certification examination.

This program requires you to have a high school diploma or the equivalent prior to enrolling. Also highly recommended are basic secretarial skills, minimum typing of 35 wpm and basic computer knowledge and basic math skills.

For additional information about this program, contact Monique Brathwaite at monique.brathwaite@ucc.edu

The program will begin with introducing the student to the structure and function of the human body. Medical Terminology including medical root words, prefixes, suffixes, abbreviations and definitions of all body systems will be covered.

Then you will cover the business of Medicine, review of Anatomy, overview of ICD-10-CM, applying the ICD-10-CM Guidelines, accurate ICD-10-CM Coding, introduction to CPT® HCPCS Level II, and Modifiers, Integumentary System, Musculoskeletal System, Respiratory and Cardiovascular Systems, Hemic & Lymphatic Systems, Mediastinum, Diaphragm and Digestive System, Urinary System and Male Genital System, Female Reproductive System and Maternity Care and Delivery, Endocrine and Nervous Systems, Special Senses (Ocular and Auditory), Anesthesia, Radiology, Pathology and Laboratory, Evaluation and Management services, Medicine and Final Exam. (135 hrs.)

Upon completion, students will be eligible to test for the AAPC's Certified Professional Coder (CPC) certification examination.

M, W, 6:00 – 9:00 pm, \$3,000
October 2025 – April 2026

COMMUNITY HEALTH WORKER

This comprehensive 144-hour program is designed to equip students for roles as Community Health Workers (CHWs), focusing on delivering services and assistance to enhance the physical well-being of individuals struggling with chronic illnesses. CHWs play a crucial role in motivating clients to participate in activities that promote their physical health, leveraging their unique understanding and trusted relationships within the communities they serve. Their responsibilities include outreach, community education, patient advocacy, and informal counseling.

Community Health Workers engage in data collection and discussions about health concerns with both individuals and groups. They actively promote health within the community by guiding individuals in adopting healthy behaviors. Serving as a bridge between the community and healthcare, government, and social service systems, CHWs operate on the front lines, offering essential support to community members to enhance their lifestyles and connect them with appropriate healthcare options. This includes assisting patients with referrals, follow-ups, and the completion of applications for various services.

Program Highlights:

- Fully remote/online
- Cohort-based discussion and participation.
- Demand for CHWs rapidly increasing over the next decade.

This program was developed by the NJDOH and UCNJ is a NJDOH approved training provider.

For additional information about this program, contact Monique Brathwaite at monique.brathwaite@ucc.edu

The Community Health Worker program is also offered in Spanish.

W.I.T.S. PERSONAL TRAINING CERTIFICATION

Get all the information needed to start an exciting fitness career and become a Certified Personal Trainer. Turn your fitness passion into a profession with the ONLY IN-PERSON, hands-on, practical skill labs in the industry!

Topics will cover anatomy, exercise physiology, kinesiology, biomechanics, nutrition, and more. The in-person practical skill labs allow you to role-play and review essential "hands on skills" to master assessing clients, stretching, warm-ups/cool-downs, exercise analysis and programming design. (36 hrs.)

This course will be taught live through Zoom, with in-person review session and testing.

UPGRADE YOUR SKILLS – be ready for new opportunities!

Online Courses Skills for the 21st Century

Accounting and Finance for Non-Financial Managers Certificate

Every successful person in the workplace utilizes financial information to aid effective decision making. The Certificate in Accounting and Finance for Non-Financial Managers explains the financial concepts and accounting processes used in most businesses and will provide practical techniques that will increase your effectiveness. \$495

Certificate in Business Writing

Discover the keys to successful writing for the workplace and enhance your career by improving this critical communication skill. Begin with understanding the format, construction, editing and proofreading skills and successful techniques of writing good business reports and proposals. \$495

Certificate in Data Analysis

Data Analysis is quickly becoming one of the most sought-after skills in the workplace. Companies have vast amounts of data, but it is rare to have someone with the ability to analyze that data to see trends and make predictions. Add a whole new skill set to your portfolio and make a big difference in the success of your organization by acquiring data analysis skills. \$495

Certificate in Project Management

Project management provides visibility of project health to the business and the customer. Through continuous monitoring, early detection of variations to plan, schedule, and budget can be communicated to stakeholders for quick resolution, including project cancellation. \$495

Coding Certificate

Coding has become a core skill that bolsters one's chances of becoming a higher value to organizations. Begin by getting introduced to the basics of computer programming and acquire all the basics of HTML and CSS. You will learn the relationship between these two industry-standard web page coding languages and the step by step process of hand coding and building web pages. \$595

Digital Marketing Certificate

Earn a fundamental yet advanced introduction to eMarketing, including improving email promotions, analyzing your web site traffic, doing search engine optimization, and how to successfully employ online advertising. \$495

UCNJ, in partnership with UGotClass, offers online certificate programs (taught by subject matter experts) designed to fit your schedule, enhance your career knowledge and expand your professional horizons. The following certificate programs will be offered this spring beginning **February 3**.

Diversity, Equity, and Inclusion Certificate

To improve diversity, achieve equity, and foster inclusion one must be intentional, consistent, and courageous. This online certificate program focuses on improving cultural competence and encourages continuous learning. Students will gain a better understanding of DEI. \$495

Graphic Design Software Essentials Certificate

Learn how to use Adobe Illustrator to draw shapes and design logos, flyers, posters, banners, business cards or any other vector graphics for print or web. Adobe InDesign allows you to create simple to complex multi-page documents such as brochures, flyers, books and magazines. Use Adobe Photoshop to effectively work with selection and editing tools, layers, and masks to edit, retouch and enhance existing images or create your own composite digital artwork. Access to the Adobe software tools required. \$545

HR for Non HR Managers Certificate

Upskill your knowledge about HR. Conquer one of the essential competencies for a successful manager, moving up, and contributing to the productivity of your organization. Know what every manager needs to know about HR. \$495

Intro to ChatGPT

Designed for anyone seeking to acquire new skills, you'll gain an understanding of the capabilities of AI tools and how to leverage them to achieve your goals faster and easier than ever before. \$195

Six Sigma Green Belt Certificate

LERN's Green Belt training teaches participants problem-solving skills, using the DMAIC (Define, Measure, Analyze, Improve and Control) model. After completing this challenging course, Six Sigma Green Belts serve their organizations as a trained specialist able to work on projects that benefit the organization. \$495

Supervisory Leadership Certificate

Ensuring the efficiency of your team is the key to your success and is your most important responsibility. Learn about effective delegation, performance management, writing performance reviews, the supervisor's role and responsibilities, and strategies for improving your overall effectiveness as a leader. \$395

Uniform Construction Code

These classes are for general contractors and others who are looking to advance their careers and become New Jersey State Inspectors for local municipalities. The courses are open to anyone with an interest in construction and mandatory for those desiring licensure in building, electrical, elevator, fire protection, plumbing; and administrative licensure in sub code official, construction official, and technical assistance.

The courses focus on technical needs for contractors, estimators, architects, engineers, and government officials as they relate to the design, construction, and maintenance of building structures. Courses are approved for licensure by the New Jersey Department of Community Affairs (DCA) pursuant to NJAC 5:23-5.20 and must be taken in the proper sequence (RCS-ICS-HHS). Licensing application packets and related inquiries should be directed to the DCA Licensing Unit at 609-984-7834.

It is recommended to review this packet before undertaking a course. Through a grant funded by the Department of Community Affairs, individuals who successfully complete a course and apply for licensing may be refunded up to 100% of tuition fee. Funding is limited. Information provided in class.

Textbooks: The Uniform Construction Code Act and Regulations (Blue Book) is a required text if you are taking the administrative courses of the Uniform Construction Code Courses. Additional textbooks may be required depending upon the specific course.

For specific information, visit the respective college's website.

Licensing will no longer supply texts for the administrative classes (Subcode Official, Construction Official and Technical Assistant).

Students can download resource materials for those classes at https://www.nj.gov/dca/codes/codreg/pdf_regs/njac_5_23.pdf

Technical and system requirements: Computer with speaker and microphone and Chrome browser; valid email address

Learning platform: Zoom, Canvas or Webex

Building Inspector, H.H.S.

This course satisfies the educational requirement for licensure as a Building Inspector HHS (Hazardous and High-Rise Structure). Instruction focuses on technical competency in design analysis, materials and standards, and methods for securing compliance in advanced structural systems, advanced fire protection systems, and advanced mechanical systems as applied to class I and all other structures established in Subchapter 3 of the New Jersey Uniform Construction Code (NJAC 5:23-3). (60 hrs)

AEIC 301 Sec 001E - Remote Live
T, Th, 2/25 - 5/8, 5:30 - 8:30 pm, \$725
(No class 3/11, 3/13)

"I came to UCNJ Union College of Union County, NJ because I wanted to obtain licensing to become a building inspector in New Jersey. The courses have been a positive experience for my personal growth and to expand my knowledge in the construction industry. After successfully completing the Building Inspector RCS course and earning my RCS license, I am now advancing my education with additional courses to obtain licenses for Building ICS, HHS, Subcode, and Construction Official." - Ken S.

Construction Official

Prepare to work as a Construction Official. The Construction Official is the chief administrator of a local code enforcing agency who establishes and enforces the agency policies to assure compliance with the Uniform Construction Code.

This course reviews the duties and responsibilities of the Construction Official. Topic areas include Administration, Legal Methods of Code Enforcement, Legislation, and Sub-Code. Prerequisite: Students must already have a Subcode Official license to enroll. (45 hrs.)

AEIC 561 Sec 189E - Remote Live
T, Th, 4/22 - 6/17, 6:00 - 9:00 pm, \$595
(No class 5/13, 5/15)

Fire Inspector, I.C.S.

This 120-hour online program is designed to prepare students to obtain the licensing in the Fire Protection discipline of the NJ UCC. Course work includes the building use groups, types of construction, height and area, fire protection systems and means of egress.

Students will learn when the building codes require such systems and equipment in new renovated structures along with the standards for systems installations and acceptance testing, course textbook information is provided the first day of class. (120 hrs.)

AEIC 190 Sec 203E - Remote Live
T, Th, 3/18 - 6/26, 6:00 - 10:00 pm, \$1,325

Plumbing Inspector, H.H.S.

The H.H.S. course is for high-rise and hazardous structures and can be taken after you have completed Plumbing Inspector I.C.S. The course covers systems design, inspection methods and public health requirements consistent with the regulations of the Uniform Construction Code related to plumbing. (60 hrs.)

AEIC 132 Sec 002E - Remote Live
M, W, 4/7 - 6/16, 6:00 - 10:00 pm, \$725
(No class 5/26)

Uniform Construction Code

Subcode Official

Prepares inspectors for the administrative license of Subcode Official. Topics include procedures and forms for permit applications, stop construction orders, variations, notices of violations, emergencies, legal aspects of code enforcement, related legislation and record keeping. All students are required to have a technical license in their field of expertise. (45 hrs.)

AEIC 562 Sec 090E – Remote Live
T, Th, 2/18 – 4/8, 6:00 – 9:00 pm, \$595

Technical Assistant Certification Program

This 45-hour certification for Technical Assistants to Construction Officials is designed for the individuals working in a municipal building department, or contractors and their staff wanting to understand the construction permit process as required by the State. It provides an understanding of the Uniform Construction Code as it relates to permit processing.

This course covers: UCC Law, Regulations, Administration, UCC Standard Blue Form, Blue Print Reading, Reporting & time management and Technical Problem Solving and Conflict Resolution, and critical thinking. Book is included in this class. (45 hrs.)

CAREER DEVELOPMENT

Supply Chain Management

SUPPLY CHAIN MANAGEMENT PROGRAM

This program leads to certification by the **Council of Supply Chain Management Professionals (CSCMP)** in any or all eight (8) subjects. Each is a 40-hour course and requires study time outside the classroom for success on the exams. Courses below include the SCPro exam, student manual and online supporting study materials.

CERTIFICATE PROGRAM

Supply Chain Management - SCPro Fundamentals CSCMP Certification

Success in the transportation, logistics and distribution (TLD) sector requires an understanding of eight different areas that impact the movement, costing, and stocking of goods. For entry level or mid-level employees in this industry, the SCPro Fundamentals of Supply Chain certification from the Council of Supply Chain Management Professionals (CSCMP) gives you the essential knowledge to succeed. Investing in yourself with this training proves to your current or future employer that you've got the essential knowledge and drive for a career in this growing sector.

We are offering training and testing this fall through online, self-paced instruction in each of these 8 essential areas. Courses require approximately 40 hours of study each. Successful participants who pass the exam will earn important industry recognized credentials in their choice from 8 areas. The fee for each course is \$260 and includes the on-campus certification exam.

Supply Chain Management Principles

Supply chain management is one of the fastest growing fields today. It is also expansive, as there are many functions and roles within it. Key elements of this course include the definition of supply chain and the various flows within supply chain (i.e., customer service, manufacturing and service operations, order management, procurement and supply management, demand planning, inventory management, warehousing operations, and transportation operations). It also includes an explanation of how the supply chain supports organizations' strategic and financial goals.

AEBU 155 Sec 007E - \$260

Customer Service Operations

Customer service agents, order management associates, and associates in other supply chain domains should understand the importance and extent of customer service and order management processes, techniques, and terminology that support order fulfillment and management. Key elements of this course include the elements of the order process, customer relationship management, management of challenging customers, effective customer communications, returns and reverse logistics, and performance metrics.

AEBU 158 Sec 007E - \$260

Transportation Operations

Transporting goods often requires multiple modes of transportation; the combination of modes can vary depending on cost, values, dimensions, weights, frequencies, time-definite delivery requirements, and other special requirements (e.g., hazardous or refrigerated cargoes). Key elements of this certification track include: modes of transportation, transportation technology, company roles and operations within the transportation field, the impact of transportation on the overall economy, sustainability in transportation, and how the field is evolving to meet future needs.

AEBU 157 Sec 007E - \$260

Warehousing Operations

Warehousing Operations encompasses the processes, procedures, tools, and equipment within a warehouse facility as enablers for an efficient, effective, and comprehensive supply chain. Warehouses do not operate as stand-alone facilities but function to varying degrees with Inventory Management, Transportation Operations, Demand Planning, Procurement, Manufacturing, and Customer Service functions. The charter, mission, and goals developed by an organization will dictate the role of the supply chain to meet those objectives. This role will further define the requirements for warehousing operations ranging from a simple, single storage facility to a total distribution or fulfillment network.

Key elements of this certification track include: an overview of warehousing, the role of warehousing in the supply chain, facility configuration, storage and handling techniques, performance metrics, customer service considerations, and safety concerns across various types of distribution facilities.

AEBU 156 Sec 007E - \$260

Supply Chain Management

Demand Planning

The effective anticipation, planning, and management of demand are key factors in the success of any organization. Companies are increasingly looking to provide improved customer service levels at reduced costs. It is important for supply chain professionals to understand demand planning and management. Key elements of this course include: key aspects of demand planning, interaction between demand and order management, demand planning principles, demand planning tools and techniques, communication and management of demand, and contemporary approaches to demand planning and management.

AEBU 159 Sec 007E - \$260

Inventory Management

Inventory management is critical to the overall success of the supply chain. Therefore, it is important that all supply chain professionals have at least a basic understanding of the role, cost, and benefit of inventories. Key elements of this course include: the importance and use of inventory in the supply chain, introduction to the different types of inventory, techniques for effectively managing and controlling inventory levels, the relationship between forecasting and inventory management, and financial impacts of inventory investments.

AEBU 161 Sec 007E - \$260

Manufacturing and Service Operations

Operations departments focus on the conversion of materials to products and services. A major focus of operations is to ensure lean and efficient flow. Key elements of this course include: the role of manufacturing and service operations, linking market requirements and the selection of manufacturing processes, facility location strategies, facility layouts, the importance of production planning and control in synchronizing operations, the importance of quality management and performance measurement, and the role of emerging technologies in operations.

AEBU 160 Sec 007E - \$260

Supply Management and Procurement

Procurement and purchasing associates, sourcing analysts, supplier managers, and associates in other supply chain domains should understand the importance and complexities of global supply management and procurement processes. Key elements of this course include: strategic, tactical and operational procurement; procurement organization structures; legal and regulatory considerations; the interaction of procurement organizations with the rest of the supply chain; and typical difficulties encountered in procurement processes.

AEBU 162 Sec 007E - \$260

Senior Scholars

Sponsored by the Union County Board of County Commissioners

UNION COUNTY
We're Connected to You!

Senior Scholar programs will be offered online and in-person. Class information will be posted on the website in early February and **registration opens on Monday, February 10.**

For a complete listing of programs and to register, go to:

www.ucc.edu/ce/senior-programs

GENERAL INFORMATION

Classes fill quickly, so REGISTER EARLY for upcoming courses!

Registration

Registration is easy, but register early to avoid disappointment!! Courses fill quickly and some have limited enrollment. COURSES WITHOUT SUFFICIENT ENROLLMENT ARE CANCELLED 48 HOURS PRIOR TO THE COURSE START DATE.

Registrations are accepted until a course begins, if space is available. Please be sure you provide a daytime phone number and email address at which you can be reached in the event of a class cancellation.

Online

For all students, this is the fastest and most convenient way to register.

Visit: www.ucc.edu/ce

Tuition and Fees

All tuition and fee information is listed with the course description. Please be sure you read the description and fee information carefully, as they will explain any material fees or prerequisites associated with the class.

Continuing Education does not accept Financial Aid. Payment can be made by check, American Express®, Visa®, MasterCard®, or Discover®.

Class Cancellation

The College reserves the right to cancel a course if minimum enrollments are not met. You will be notified 48 hours prior to class cancellation by email and given the option of a full refund or enrolling in another Continuing Education course.

Withdrawals and Refunds

To withdraw from a course or seminar, you must notify the Continuing Education Office in writing immediately at coned@ucc.edu. Refunds will be made as follows:

- With written notification received five days prior to the first class session—100%
- Refunds are not issued for online courses.
- Schedule changes must be requested in writing.

Veterans Refund Policy

In the event that veterans or their eligible persons sponsored as students under Chapters 30, 32, 35 of Title 38 and Chapter 1606 of Title 10 U.S. Code, fail to enter the Program or withdraw or are discontinued from at any time prior to completion, the amount charged for tuition, fees and other charges shall not exceed the approximate pro rata portion of the total charges for tuition, fees and other charges that the length of the non-accredited program bears to its total length. A registration fee of \$10 need not be refundable; any amount beyond that is subject to pro ration and refund [CFR 21.4254 (c) (13)]. The pro rata portion may not vary more than 10 percent of the total costs for tuition, fees, and other charges.

Parking

Tuition does not include parking. You will need to purchase a Parking hang tag that permits you to park in designated lots on campus.

Handicapped parking is available.

Parking tags in Cranford cost \$10 per semester regardless of the number of times the course will meet. After a registration receipt has been issued, it MUST be presented with valid vehicle registration at the Public Safety Office in Cranford (room SD-108). Tags may be obtained weekdays from 8:30 am to 6:30 pm. Tags are NOT mailed. You will be ticketed if you do not have a tag visible in your vehicle. If you are taking classes in Elizabeth, parking tags can be purchased for \$65. Otherwise, ample public parking is available in the J. Christian Bollwege Parking Garage at Caldwell Place and Elizabethtown Plaza.

Inclement Weather/ Emergency Closing

In case UCNJ cancels or delays operations due to weather or other emergencies, the Office of College Relations will inform the College community by posting information on the website at www.ucc.edu, on Facebook, and Twitter.

Visit our website at www.ucc.edu/ce for the latest information.
